C
A
T
E**

○ A full course of **primary schooling**

for all **children**

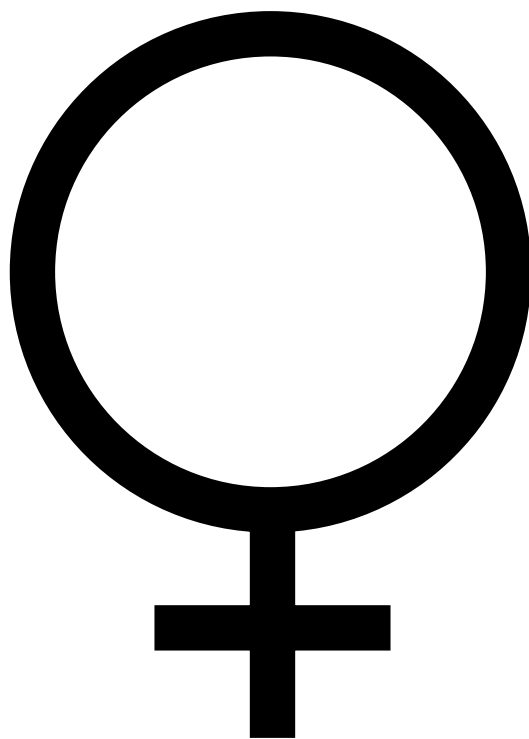

○ There are **72 million** children **worldwide** not in primary school

○ Education creates more **social, personal** and **economic** chances for people and gives them a stronger voice in society

Without education there can be

no development

EMP  **WER**

WOMEN

o To **stop gender
inequality**
in primary and secondary
education

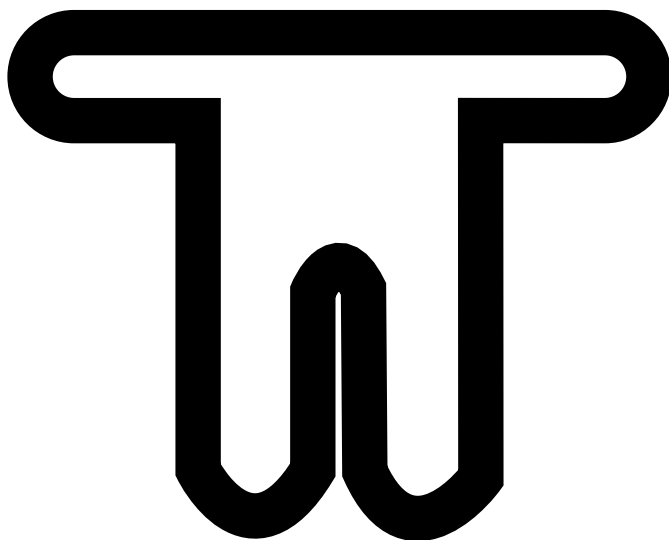

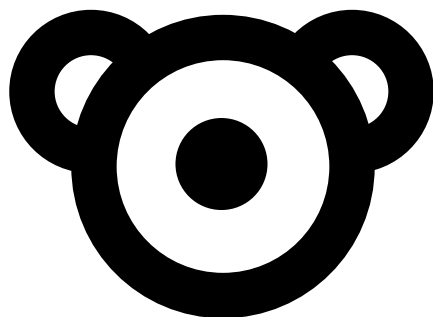

○ Only **19 %** of the seats in the world's

parliaments are held by **women**

○ Many women suffer under the **disadvantages** of gender inequality and **discrimination** from **birth**. They receive **less education** and have **less job opportunities** or political influences than men

○ Women need to be respected to **develop**

REDUCE

THE NUMBER OF

CHILDRREN

WHO DIE YOUNG

TO

reduce the number of

infant deaths

under the age of

5

More than **10 million children** die
each **year** before the age of **5**

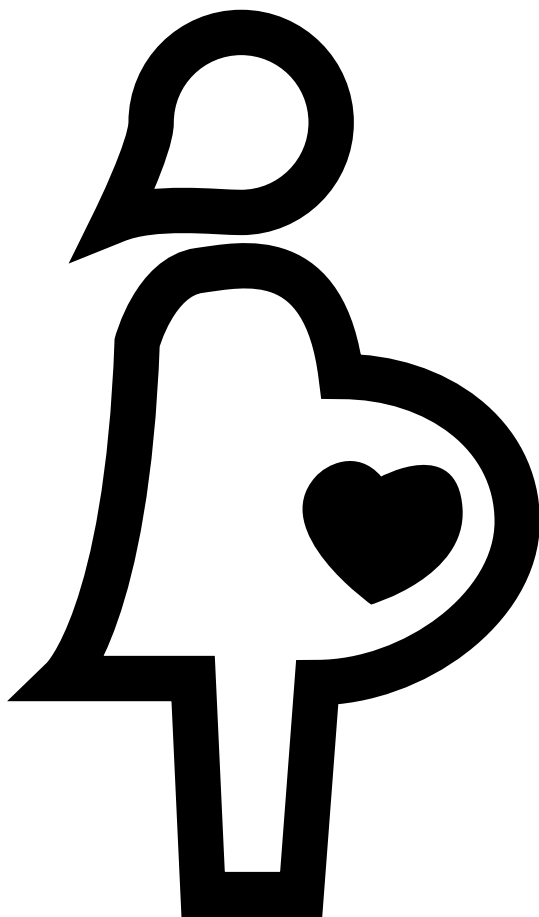

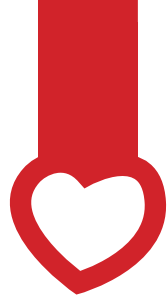

These deaths are **preventable** by ensuring

the access to **clean water**

food, health care and

sanitation

1, 2, 3, 4, 5

5

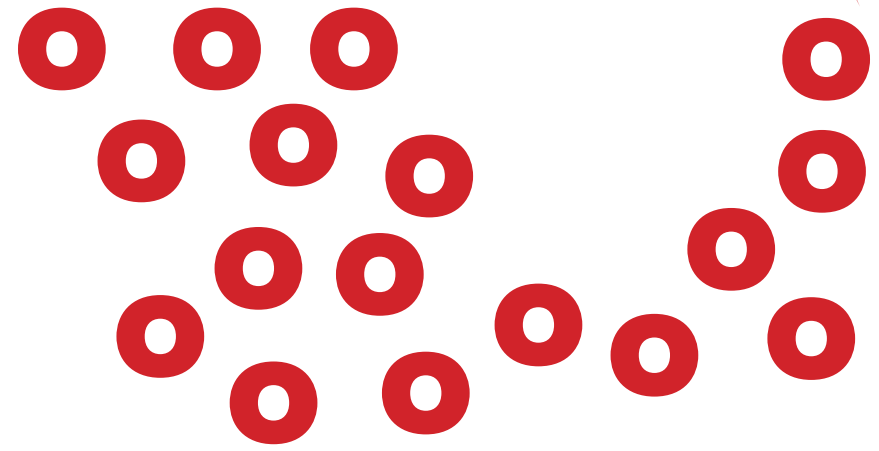

ENSURE

SAFE AND

HEALTHY

MOTHERS

To **reduce** by $\frac{3}{4}$ the

maternal

death rate

56, 57, 58, 59, 60.

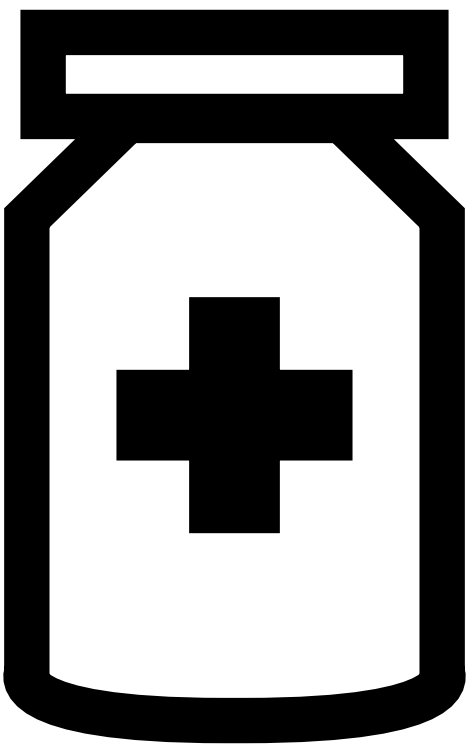

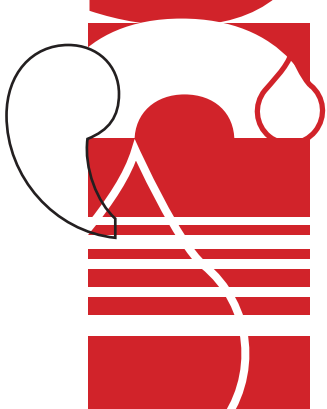

Every **minute** a woman **dies** in

pregnancy or **childbirth**

Complications and deaths during pregnancy are **preventable** – by ensuring the access

to **health care, education** and

contraception

6

**FIGHT
HIV/AIDS,
MALARIA
AND INFECTIOUS**

+ DISEASES

✦ To **stop** the spread of **HIV/AIDS**,
malaria and other **diseases**

✦ To ensure **universal access** to
medication and **therapy**

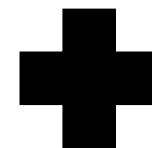

✚ Every **30 seconds** a child dies of malaria

✚ HIV/AIDS, malaria and other diseases are huge

killers of **people**

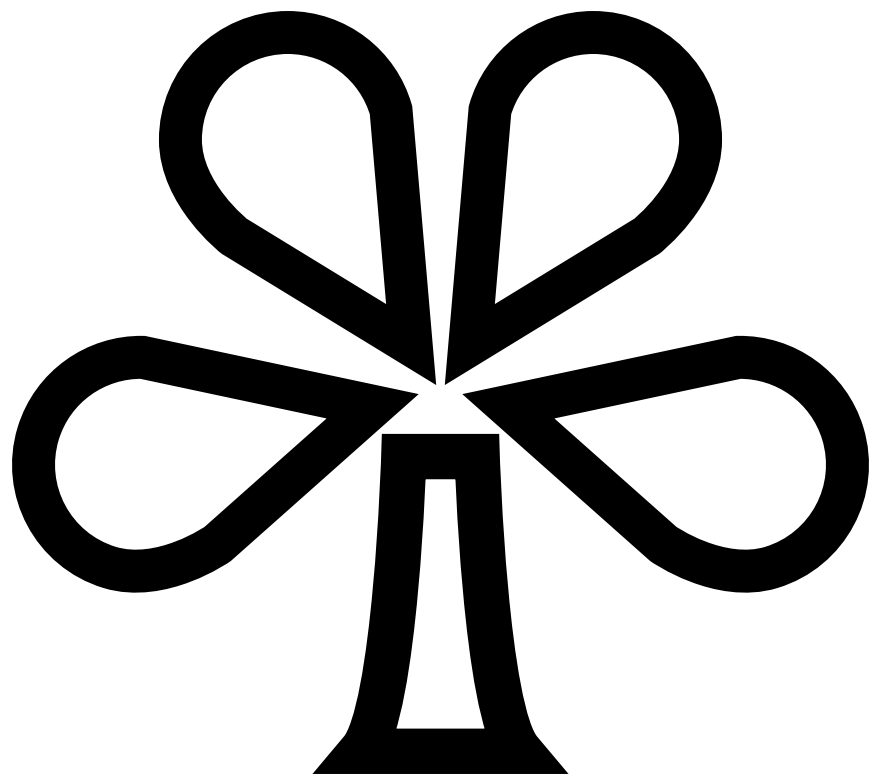

✚ In 2007 **40 million** people were
with **HIV**

✚ Stopping HIV requires the access to
preventative measures,
education and **therapy**

living

✚
27, 28, 29, 30

7

SAVE

+ **HE**

ENVIRONMENT

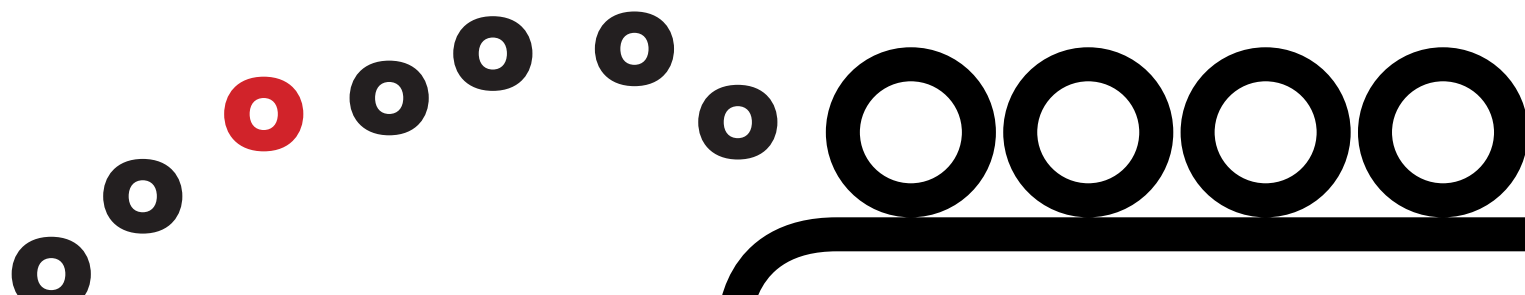

○ To **stop** the **loss** of environmental
resources

○ To **halve** the number of people
without **clean water** and
sanitation

○ **Improve** the **lives** of people living in

slums

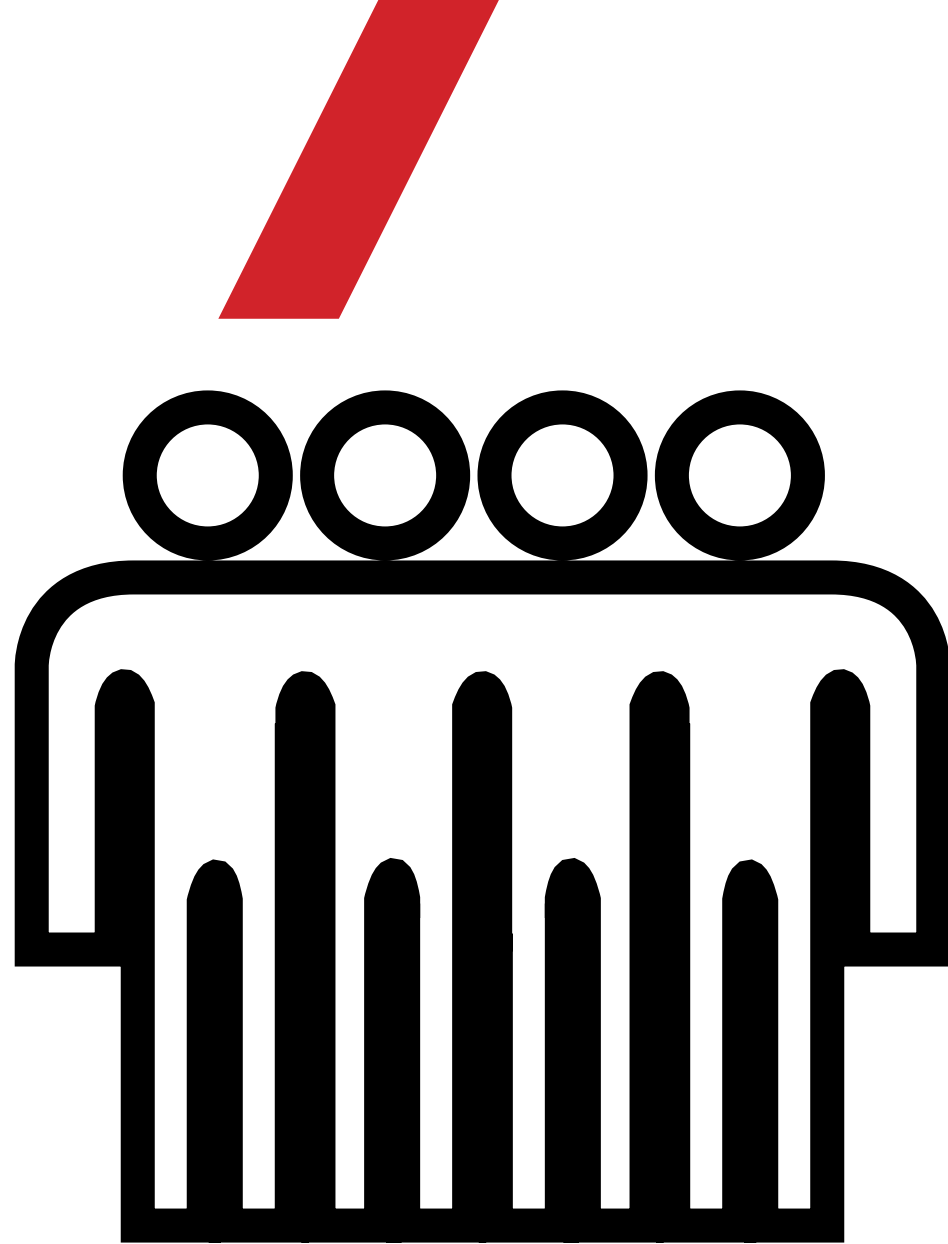

o **884 million** people have no access to safe water **sources**

The world's environment is in **danger**

o **Forests** are disappearing,

plants and **animals** are dying out
and **pollution** is increasing.

o **Natural disasters** cause death or economic loss.

8

DEVELOP A

**GLOBAL
LAB**

PARTNERSHIP

FOR DEVELOPMENT

To develop

fairer trade
rules, more effective

aid and debt relief

To **share**

responsibilities for making the
world a **better place** for us all

Only **5** donor countries out of 192 have kept their
promise to **end poverty**

Developing countries have to work towards
achieving the **Goals**. And the rich countries have
to **support** this development

Shared responsibility is the
basic of achieving the Goals by **2015**
